

BUSINESS ACHIEVEMENT AWARD

Ostlers Cider Mill... The Elixir of Life!

Ostlers Cider Mill has just scooped the award for Business Achievement 2009 and what an achievement! Ostlers – a family run business - can trace its farming roots back to the 1530s... They

produce Cider Vinegar, Scrumpy Cider and Chutney- all legendary for their beneficial effects- well- the Scrumpy has a different kind of effect...!

Ostlers Cider Vinegar is 100% unpasteurised apple juice with no chemicals added and is grown in a 5 acre orchard containing 1200 trees. The apples are freshly crushed and the flesh contains powerful enzymes and life giving minerals- with natural malic acid... all set to fight the body's toxins... Many other cider vinegars on the market are boiled to remove impurities and make the subsequent juice look pretty- whereas- Ostlers Cider Vinegar is described as having the 'mother' in it!

Cider Vinegar has been well known since biblical times to provide your body with what it needs... It contains potassium, and other vitamins to help the digestive and circulatory system. The 'mother' is the gel-like substance

which grows naturally on the surface of the cider vinegar- this is the culture used to convert the cider to vinegar... Unless Apple Cider Vinegar has the 'mother' in it- the liquid is worthless', says Patricia Bragg- who has written books on the use of Cider Vinegar...

The conditions Cider Vinegar may help...

It may help to fight infection, regulate blood pressure, relieve arthritis pain,

relieve chronic fatigue, control weight, fight osteoporosis, help prevent dandruff, baldness and itching scalp... these are just a few of the benefits... there are a whole host of benefits- no end to its curative powers!
